Module Four

Tools that do the job

Free, functional, and nothing you don't need yet.

Tick each one off as it's done. Nothing Moves forwatd until this list is complete

- [ ] Professional email address set up - you don't need a personalised domain name
- [ ] Google/OneDrive folder for business files - a location you can source everything on the go
- [ ] ABN registered - abr.gov.au - free and takes 5 minutes and a MUST before your first invoice
- [ ] Canva - free tier available
- [ ] Live booking link - Halaxy, Squarespace, Calendly have free tiers
- [ ] Separate bank account open for business - there are free business options
- [ ] Payment method - PayID (sending invoices); Stripe, Paypal, Square change a small fee
- [ ] Test payment system - sent and received - they're can be delays in arriving to the account
- [ ] Money Tracker - a manual tracker attached to this module, Xero. MYOB have free tiers
- [ ] Invoice templates saved and ready to use

REFLECTION

Which of these did you already have?

Which one felt the most uncomfortable to set up and why?

SOMATIC EXERCISE

Sit with this: "I have everything I need to start." Does it feel true? Where does it land in your body?
