

Module 6

Pricing for Growth

from starting price to sustainable income

IN THIS MODULE

When to raise your prices

How to without losing everyone

Moving from hourly to packages

How to talk about price before someone asks

When someone say's its too expensive

The When

the signal

The How

without losing people

Hourly vs Packages

moving can be scary

Talking money

how to talk about it with potential clients

Too expensive?
what to say

Name your next price - the one you're avoiding

Write out how you'd have the conversation

THIS WEEK

ASK: what's in the gap between that number and the current price?

Sit with “charging more” - where does it land in your body?
