

SOLID GROUND — BONUS RESOURCE

Your First 30 Days

A week-by-week checklist for what to actually do when you're starting.
Not everything at once — just what matters, in the right order.

FROM ENERGY WITH JESS · [ENERGYWITHJESS.COM.AU](https://energywithjess.com.au)

AU Australia

WEEK 1

The Foundation

- ☐ Apply for your ABN at abr.gov.au — it's free and takes 10 minutes
- ☐ Check your business name is available at asic.gov.au
- ☐ Register your business name if needed (\$39/year) — or trade under your own name for now
- ☐ Open a separate bank account for business income and expenses
- ☐ Set up a free Google account — Calendar, Drive, Docs will run your business

WEEK 2

Get Paid + Get Visible

- ☐ Set up Stripe or PayPal — free until you make money
- ☐ Download the Invoice Template from this course and add your details
- ☐ Set up your Instagram business profile — photo, bio, link
- ☐ Write your bio: what you do, who it's for, how to get in touch
- ☐ Create a Canva account (free tier is enough)

WEEK 3

First Clients

- ☐ Tell 5 people in your life what you're doing — friends, family, former colleagues
- ☐ Post something on social media. Done beats polished.

- ☐ Send one personal message to someone who might need your service
- ☐ Say your price out loud. Three times. Notice where the resistance sits.
- ☐ Ask one person for a testimonial or referral if you've worked together before

WEEK 4

Review + Reset

- ☐ Open your Expense Tracker and log everything from the month
- ☐ Look back at Week 1-3: what worked? What do you want to repeat?
- ☐ Identify your next 3 potential clients
- ☐ Set a simple plan for month 2 — just 3 priorities, not a full strategy
- ☐ Celebrate what you've actually done. You started. That's not nothing.

You don't need everything sorted before you start.

You need a way to be found, a way to get paid, and one person who knows you exist. The rest builds from there.

Not based in Australia? The structure below is the same — the specifics just vary by country. Search *[your country] sole trader registration* and *[your country] self-employed tax basics* to find your local equivalents.

WEEK 1

The Foundation

- ☐ Register as self-employed or a sole trader in your country — search "[your country] sole trader registration"
- ☐ Check whether you need to register a business name, or if trading under your own name is fine for now
- ☐ Find out your country's tax registration requirements for self-employed people (e.g. VAT in the UK, EIN in the US)
- ☐ Open a separate bank account for business income and expenses
- ☐ Set up a free Google account — Calendar, Drive, Docs will run your business

WEEK 2

Get Paid + Get Visible

- ☐ Set up Stripe or PayPal — free until you make money
- ☐ Download the Invoice Template from this course and add your details
- ☐ Set up your Instagram business profile — photo, bio, link
- ☐ Write your bio: what you do, who it's for, how to get in touch
- ☐ Create a Canva account (free tier is enough)

WEEK 3

First Clients

-
- ☐ Tell 5 people in your life what you're doing — friends, family, former colleagues
-
- ☐ Post something on social media. Done beats polished.
-
- ☐ Send one personal message to someone who might need your service
-
- ☐ Say your price out loud. Three times. Notice where the resistance sits.
-
- ☐ Ask one person for a testimonial or referral if you've worked together before
-

WEEK 4

Review + Reset

-
- ☐ Open your Expense Tracker and log everything from the month
-
- ☐ Look back at Week 1-3: what worked? What do you want to repeat?
-
- ☐ Identify your next 3 potential clients
-
- ☐ Set a simple plan for month 2 — just 3 priorities, not a full strategy
